Perfect Confidence

Norway People Have Good Reason For Complete Reliance.

Do you know how—
To find relief from backache;
To correct distressing urinary ills;
To assist weak kidneys?
Many people in this vicinity know the way
Have used Doan's Kidney Pills.
Have proved their worth in many tests.
Here's grateful South Paris testimony.

L. E. Monk, Pleasant St., South Paris, Me., says: "About ten years ago I suffered every day from a lame back. The kidney secretions were unnatural and I knew that my kidneys needed attention. Someone told me to try Doan's Kidney Pills and I got a box. They did me so much good that I continued taking them. Two or three boxes made me well. Another of my family joins me in recommending this remedy. We have also advised other people to take Doan's Kidney Pills and will continue to do so."

Girls of Ye Olden Times.

Written for the Advertiser.
Girls are queer I used to think;
Lizzie didn't care for me,
For whenever I would try
Any lovin' art to see,
How she'd take it, I would not
Always saucy-like, says she,
"Quit your fooling."
Once a going home from church
Just to find out how it would work,
Round her waist I slipped my arm;
My! you ought to see her look,
Spunky? well she acted so
And she snatched me up as port,
"Quit your fooling."
Every time 'twas just the same
"If I one night I says, says I,
Oh, what a fine girl you are,
Tremblin' some I don't deny,
"Lizzie, seeing as I don't suit,
Gus a'd better say good by
And quit fooling."
Girls is queer. She only laughed,
Checks all dining, "John," says she,
"Fooling men that never gets
Real in earnest ain't for me,
Ward that one? I took the hint
An' a chair an' staid and we
Quit our fooling."
Girls do likewise. Jono.

He Careth.

"The good God always builds the blind birds' nest!"
So runs a Turkish proverb, sweet and wise,
Pills and I got a box. They did me so much good that I continued taking them. Two or three boxes made me well. Another of my family joins me in recommending this remedy. We have also advised other people to take Doan's Kidney Pills and will continue to do so."

Important to all Women
Readers of This Paper.

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

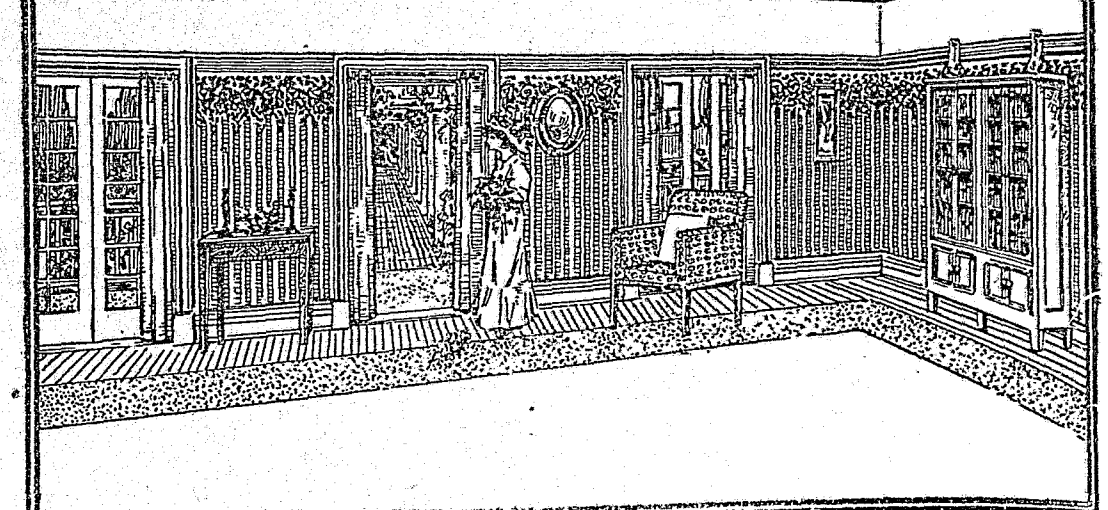

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Good health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing 10 cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent, and one-dollar size bottles at all drug stores.

Use Devoe's Paint

Don't try to figure paint cost by the price per gallon. Poor paint costs most, more gallons to buy—More gallons to apply.

Devoe paint is more economical than the "cheapest" paint ever mixed, because it takes less gallons and wears longer.

One gallon of Devoe covers from 600 to 800 square feet and STAYS THERE. Call in and get a color card.

We have a complete stock of Paints, Room Papers, Window shades, both water and oil opaque, look over our line and get our prices.

David Kneeland.

In the recent death of David Kneeland of Harrison, Me., the community has lost one of her oldest and best known citizens. Since birth, August 21, 1846, the little lake bordered village has been his home and the many friends who have known him through boyhood, as a young man, and as the genial, generous hearted keeper of "Eins Inn," will long remember him. During the twenty-eight years of his hotel life, men coming to him from the north, the south, the east and the west, have found him a generous host, a kindly friend.

Thirty-six years ago Mr. Kneeland became a member of the "Independent Order of Odd Fellows," and was one of the charter members when the lodge was formed here in Harrison. He likewise identified himself with the Free Baptist church of the town and has ever freely assisted both the lodge and church in carrying on their work.

He is survived by his wife, Mrs. Caroline Kneeland, and four children, Mrs. Ralph Burnham, Mrs. Fred Lamb, J. Theodore and Herman Kneeland; three grandchildren, Leon Burnham, Ray Lamb and Lucille Kneeland; two great grandchildren, Franklin and Frances Burnham; one sister, Mrs. Maria M. Ricker, all of Harrison.

The funeral services, which were held at Mr. Kneeland's late residence, were most impressive, conducted by Rev. J. B. Coy, assisted by Rev. Mr. Davis, and the Odd Fellows, with their beautiful burial service.

Flowers there were in great profusion and beauty, their fragrant masses mutely telling the esteem in which Mr. Kneeland was held by friends far and near.

Following are the names of the donors: Mrs. Caroline Kneeland—Floral pillow bearing word, "Friend."

From children—Wreath galaxy leaves and violets.

From children—Anchor, pinks.

Sister—Cresset of violets and pinks bearing word, "Brother."

Mr. and Mrs. John Walker—Carnations.

Mrs. Mary Kneeland—Floral pillow.

Tobacco, Like Food, Must Be Fresh To Be Good

And tobacco cannot keep fresh after it is cut up, any better than bread or meat can. To get fresh tobacco, you must cut it off the plug yourself, just before it goes into your pipe. That's the way you use Sickle tobacco—that's the reason it burns slowly, and always affords you a cool, sweet, satisfying smoke.

Tobacco that comes already cut-up, in packages, gets dry and stale—burns fast and hot, and bites your tongue. The original flavor and moisture cannot escape from the Sickle plug—they are pressed in and kept in by the natural leaf wrapper.

More tobacco—fresh tobacco—no package to pay for—no waste—that's Sickle tobacco. Get a plug at your dealer's today.

ALBANY.

A. G. Bean has sold Preston Flint a cow.

The crows have come back with us once more.

George Cummings will soon commence on his new barn.

Nina Bean has returned to her school in New Hampshire after a short vacation with her parents.

The farmers about here got their wood and timber nearly all hauled before the snow left, much nearer than they did a year ago.

Herbert Bean arrived in town March 27. He attended the Bangor convention Tuesday, March 24, as one of the Lewiston delegates. His family comes in a few days. He will take down the barn on the Cundell place and move it down to the Corner and build a new one.

Mrs. D. A. Cummings has been in Lewiston for a time with her husband who has been in the hospital a long time. He finally consented to the second operation and had his leg amputated below the knee, March 23d. He has been quite ill ever since. His many friends hope that this operation may prove successful and the leg will commence to heal. This will mean a big loss to him as he has always been busy every spring grafting young apple trees which he planted from the seed and set out. He had a good share of them grafted. He was a trafficking man buying and selling oxen, steers, cows, beef and hides, etc.

Paint vs. Weather Endurance

The paint that is fit to put on a house (your home) should be of sufficient quality to withstand the extremes and most severe weather—This is possible only by using paint which is made by scientific paintmakers who know what materials when used together will produce a covering which will keep out the destructive forces of nature, such as rain, snow, frost, dew, heat from the sun. These forces will destroy (decay) bare wood or wood poorly painted.

Our Paint Booklet will tell you more about this important subject—telephone or call for a copy.

You Have Nasal Catarrh Not Very Bad, But--- It Bothers You a Good Deal.

Some people have nasal catarrh and know it. Not only the patient knows it, but all of his friends know it. Many people know it that are not their friends. Just those people who happen to meet him in the street car or on the public square.

That sort of a nasal catarrh need not be described. Everybody knows the symptoms without their disgusting recital.

Peruna helps such cases every day. Thousands have attested to this fact unsolicited. Peruna benefits even the worst cases of old nasal catarrh.

But there are cases of nasal catarrh not so evident. One nostril is stopped today. The other nostril is stopped tomorrow. Cannot breathe freely through the nostrils. Easy to sneeze. Mucus in the nose too thick. Sometimes forms brownish lumps. Catch cold easily. Never quite free of a cold. These symptoms describe a case of subacute nasal catarrh. Many people have it, and some who would not admit they have nasal catarrh.

He knows he must blow his nose freely. He remembers that he does not breathe easily through the nose.

He recalls the fact that he snores some now, whereas he did not previously.

Subacute nasal catarrh! Or we might call it incipient nasal catarrh. Or, still better, nasal catarrh just beginning and becoming chronic.

Now is the time to take Peruna. A little Peruna will do wonders at this stage of the disease. Snuff a little weak salt water every morning (see "Tills of Life," sent free by Peruna Co., Columbus, Ohio). Just enough to clear out the nose. Take a dose of Peruna before breakfast. Hold it in the mouth. Let it trickle down slowly and breathe the fumes of it out through the nose as you swallow it.

This will stop an incipient case of nasal catarrh in a few weeks. Stop it entirely. The nose becomes clear again. The breath is sweet. The breathing free. No more snoring, or snuffling, or sniffing, or catching cold easily. All of these things are in the past.

An army of men and women have been benefited by Peruna. You might as well become one of the benefited ones as to allow it to go on any further.

MILTON PLANTATION.

Diamonds and Hearts.

The drama entitled, Diamonds and Hearts was presented Saturday, March 28, at Milton and Bethel schoolhouse and had a crowded house, every seat being taken and a good audience standing.

The drama went off fine and the specialties between acts of songs by A. G. Jackson with his daughter, Ima Jackson, as accompanist and reading by Clyde Lapham were especially entertaining.

Home made candies were on sale during the evening from which a good sum was received.

They are planning to repeat the drama at Bryant Pond, April 10, to be followed by a dance.

This is the 72nd exhibition and will be held on the Society's grounds between Norway and South Paris, Sept. 15th, 16th and 17th. Changes and additions have been made in the list and it is larger and better than ever this year.

All entries for exhibition close Monday, Sept. 14, at 6 o'clock p. m., and all articles must be in place at that time. Trotting entries must be received Sept. 8th. Records made after Aug. 31st no bar.

The financial statements show a balance in the society's favor of \$111.19.

YOUR HAIR NEEDS PARISIAN SAGE

It Quickly Removes Dandruff.

Just because your hair is full of dandruff, thin, streaky, dull and never will do up to look pretty, do not despair. Beautiful hair, thick, lustrous and absolutely free from dandruff is only a matter of care.

Parisian Sage, frequently applied will work wonders. Just one application stops itching head, removes dandruff and all excessive oil. It goes right to the hair roots and furnishes the nourishment needed—the hair becomes soft, fluffy, abundant and radiant with life.

Parisian Sage not only saves the hair but stimulates it to grow long and heavy. Get a 50-cent bottle from Noyes Drug Store at once. There is no other "just-as-good."

Paint

vs. Weather Endurance

The paint that is fit to put on a house (your home) should be of sufficient quality to withstand the extremes and most severe weather—This is possible only by using paint which is made by scientific paintmakers who know what materials when used together will produce a covering which will keep out the destructive forces of nature, such as rain, snow, frost, dew, heat from the sun. These forces will destroy (decay) bare wood or wood poorly painted.

Our Paint Booklet will tell you more about this important subject—telephone or call for a copy.

He recalls the fact that he snores some now, whereas he did not previously.

Subacute nasal catarrh! Or we might call it incipient nasal catarrh. Or, still better, nasal catarrh just beginning and becoming chronic.

Now is the time to take Peruna. A little Peruna will do wonders at this stage of the disease. Snuff a little weak salt water every morning (see "Tills of Life," sent free by Peruna Co., Columbus, Ohio). Just enough to clear out the nose. Take a dose of Peruna before breakfast. Hold it in the mouth. Let it trickle down slowly and breathe the fumes of it out through the nose as you swallow it.

This will stop an incipient case of nasal catarrh in a few weeks. Stop it entirely. The nose becomes clear again. The breath is sweet. The breathing free. No more snoring, or snuffling, or sniffing, or catching cold easily. All of these things are in the past.

An army of men and women have been benefited by Peruna. You might as well become one of the benefited ones as to allow it to go on any further.

About Moths—For Boys.

"You are the only member of our class not prepared on the subject of moths," said the nature teacher, sternly. "Did you get a book at the library as I told you to?"

"Yes, Miss Burton," replied the boy, "I found a book about Moths, but I couldn't make much out of it."

"What was the name of the book?"

"Hints for Young Moth-ers."

A HOUSEHOLD REMEDY

that has Lead for 60 years

must be very, very good. Otherwise, it couldn't stand this test of time.

Since 1850 "L. F." Atwood's Medicine has been a leading household remedy. For 63 years it has proven its worth as a remedy for all stomach, liver and bowel troubles—and as a tonic of exceptional effect.

Mrs. Cutler's letter simply adds to the overwhelming evidence:

Farmington, Me.: "I have had quite a long experience with 'L. F.' Atwood's Medicine. I have used it for years as a family medicine, a laxative, and for the stomach. I use nothing else for the children. I know of no medicine that could take the place of 'L. F.' Atwood's Medicine as a household remedy."

We hand you something new
in the soap-maker's art

*Christie MacDonald, the
famous actress, says:*

"Your Nyal's Face Cream Soap is perfect.
It is one of the few soaps which I can use
and think yours the equal of any of the im-
ported \$2 and \$3 cakes which I have tried."

Yes—it's all too true. Nyal's Face Cream Soap
is vastly superior to all other soaps. It cleanses
and purifies the skin, keeping it clear, rosy,
velvety and elastic.

It is fragrant and subtly sweet. No—it will not
smear the most tender skin. Really—it's the pride
of particular people—why don't you use it?

Of course, you value a beautiful, healthy skin,
then—use Nyal's Face Cream Soap. It is the
acme of the soap-maker's art because it gives a
soft bubbly lather and is fragrant as the flowers.

It costs twenty-five cents the cake and well
worth it. Nyal's Face Cream Soap will improve
your complexion. Come to our store—get a
cake today. This is the one soap you've been
looking for.

Fire Caused by Burning Chimney.
Considerable excitement was caused
Saturday afternoon by a blaze in the
home of Geo. Cummings. In the fore-
noon the chimney burned out and the
fire started in a cupboard by the chimney
and burned a large portion causing
damage on both the first and second
floors. The carpets were injured in sev-
eral rooms.

Had the fire occurred in the night the
house would have been razed to the
ground. The chemical engine was used
for the first time and proved efficacious.
Mrs. Cummings, who has been ill, was
carried from the house in a rocking chair
to the home of her daughter nearby. The
shock made her worse.

The ice has nearly all left the river.
Carl Wallo has recently lost two good
work horses.

George Skillings has purchased a span
of work horses.

The grange had an initiation Satur-
day evening.

Ida Lowell of South Paris is visiting
her grandmother, Mrs. Elsie Turner.

Melville Wilbur has hired a rent at
Norway and will move his family there
soon.

Donald Wight and Elmer Mills are at
home for brief vacations from their re-
spective schools.

The prayer service Thursday evening
was conducted by Rev. W. S. Canine. The
topic assigned by the pastor, Rev. Wm.
Laithe, is "The World Growing Better?"
was discussed.

Friday evening there was an entertain-
ment at Grange hall gotten up by a few
ladies who are interested for the church
work. The farce, Miss Prim's Kinder-
garten, was presented by the following
cast of characters:

Miss Prim..... Rebecca Shedd
Reginald..... A. R. Clark
James..... Laron Gould
Earle..... George Skillings
Duke..... Napoleon Mansau
Warton..... Roy Dresher
Eitelbert..... Dana Stuart
Cecil..... Melville Wilbur
Genevieve..... Mary Hicks
Hazel..... Etta Cobb
Marianne..... Florence Stuart
Gladys..... Mildred Stant
Alice..... Ethel Jilson
Gwendolyn..... June Jilson
Instrumental Music.....

Ice cream and cake were on sale. A
social closed the evening's entertain-
ment. A large sum was realized.

visit at the lodge there last Thursday
evening.

Auverne Lapham and family have fin-
ished working for Geo. Jackson and gone
to Newry to care for an elderly gentle-
man who has no relatives to care for him
but has a small farm and property.

W. H. Emery, who has been filing for
the Paris Mfg. Co. at South Paris this
winter, is at home for a week doing some
repair work in the factory here and next
week will go to Crystal for the same
company there. His little son Carl is
improving at the hospital. He is able to
be dressed. He is expected home this
week.

HARTFORD.

Saw Mill Burned.
The saw mill at East Hartford, owned by Robair Arsenal of Canton, was burned to the ground at an early hour, Sunday morning. One of the workmen, John Martin, who boards about half a mile from the mill, saw the flames about 8 o'clock and although several were soon on the scene, the mill was past saving. The mill and machinery were valued at \$2500 and there was practically no insurance. The mill did a large business annually and sawed from 500,000 to 600,000 feet of lumber during the year. At present there are quite a large number of logs in the yard and it is thought that Mr. Arsenal will secure a portable mill to finish up the season's work and later may rebuild.

NORTH NEWRY.

The engaging off party was a great success last Friday. Over forty couples attending. Irma Thurston and Hutchinson of Newry Corner, furnished music.

Farmers Who Sell Produce.

Here is an opportunity for our farmers to get in touch with the nabobs of Boston, who desire to become purchasers of fresh farm produce grown where the pure ozone and magnificent climate is especially adapted to raising the biggest and best vegetables, chickens, butter, eggs, etc. Postmaster E. C. Mansfield of Boston desires to be placed in direct touch with with consumers of farm products in order that the facilities of the parcel post may be extended as rapidly as possible, as a medium by means of which the producer may deal directly with the consumer through the mails.
The plan of the postmaster general is to have the postmaster of Boston secure names of farmers who desire to send their product by parcel post, and prepare printed lists of these names and send these lists to consumers who desire to order direct from the farmers. These lists will show the kinds of product each farmer desires to sell, under three heads—butter, eggs and general produce.
Farmers who desire to have their names included in the lists to be furnished to consumers, are requested to write to the postmaster at Boston, Mass., stating the kind of produce they have for sale, either butter, eggs, or general produce, on all three; also for further particulars.

A REALLY TASTELESS CASTOR OIL AT LAST

Something That Science Tried To Get For 3000 Years.

Good bye, drugs and pills!
The perfect laxative has arrived—Kellogg's Tasteless Castor Oil—made tasteless by a method which chemists have tried to find for 3,000 years.
This is not a flavored or disguised castor oil. It is just pure castor oil with out taste or odor.
Kellogg's Tasteless Castor Oil is a better castor oil than the old evil tasting, evil smelling kind. While none of the taste remains, none of the good has been taken out. Kellogg's Tasteless operates quickly and freely, without griping, causes no gas, and does not turn the stomach. Children take it easily and retain it.
The drug stores have all been supplied. You have only to ask for Kellogg's Tasteless Castor Oil, 25c or 50c size. It is not sold in bulk. The trade mark is a green castor leaf on the label, bearing the Kellogg's signature.
Made only by Spencer Kellogg & Sons, Inc., Buffalo, N. Y., refiners of vegetable oils. For sale by Frank Kimball.

Ought to Paint

I ought to have painted last year, but I hated to pay \$2 a gallon.
I've got to paint this year; it'll take a little more paint; I suppose 1 gallon in 10; and a little more work, I suppose 1 day in 10.
My job would have cost last year about \$50; it is going to cost this year \$85.
\$35 gone. I suppose it'll be the same again, if I wait again.
What if paint goes down to \$1.75 a gallon? \$2.50 on the job!
I shan't wait; what a fool I was.

OTISFIELD.

Samuel H. Wardwell.
Samuel H. Wardwell of Otisfield, the oldest shipper of live stock in Maine, died in the Maine General hospital, Lewiston, late Thursday afternoon, April 3rd.
For sometime Mr. Wardwell had been in failing health and for the past month his condition had been critical. Less than a fortnight ago he was admitted to the hospital and on Monday submitted to a surgical operation, from which he could not recover.
Mr. Wardwell was the son of Zacariah and Betsy Wardwell and was born in Otisfield, Dec. 8, 63 years ago last December, and that town has always been his home, though his business has carried him into all sections of the State.
He was the first man to ship cattle over the Grand Trunk railroad, his trade from early manhood being that of a buyer and shipper of live stock. From one end of Maine to the other and also in New Hampshire he was well known, especially among the farmers. His circle of friends was large and by everyone who knew him, he was much respected.
He was a member of Crooked River Lodge of Masons. He was not a member of the church, but his religious preferences were Free Baptist and he attended that church.
Beside the widow he leaves one son, Leon A. Wardwell, who is in the grain, flour and feed business in Bath and also has interests in the standing timber business; two daughters, Mrs. Amy Nutting of Otisfield and Mrs. Grace Rawson of Lewiston; a brother, Simon H. Wardwell of Auburn and a sister, Mrs. Chas. Hemp of Otisfield; also five grandchildren.

"Our Church Fair."

According to previous announcement, the Woman's Circle of the central and south parishes, with a large assemblage of members and friends met on Friday evening, March 27, numbering 125 at the Grange hall, regardless of the onset of rain and the sleety roads, and contributed unanimously to make the occasion a fete of feasting and jollity worthy of enjoyment and long remembrance.
At 6.30 p. m. the banquet tables in the dining hall were occupied by an eager crowd, appreciative of the delicious viands provided by the skilled adept in cooking, for which our town is justly famed.

The principal attraction provided for the intellectual feature of the occasion was a farce, entitled, "Our Church Fair," presented by a Sewing society composed of a bevy of handsome ladies of matronly and youthful appearance. The dramatic personae was as follows:
Mrs. Roberts, who wants to be President..... Mrs. Riggs
Mrs. Henry, young, giddy, fond of novels..... Mrs. Hill
Mrs. Brett, on the dinner committee..... Mrs. Hill
Mrs. Lewis, the dinner's wife..... Mrs. Watson
Mrs. Lawson, plump..... Lillian Kimball
Mrs. Brown, anxious to get..... Mrs. Stone
Mrs. Addison, very inquisitive..... Mrs. Coye
Mrs. Ridgely, sensitive..... Edith Elliott
Mrs. Ols, on dinner committee..... Edith Elliott
Mrs. Thompson, decidedly close..... Mrs. Smith
Mrs. Drew, just married..... Mrs. Tyler
The cooperation between these lively church women, as they plied their needles most actively, was an imaginable, but indescribable medley of society, badinage, caustic aetor and sallies of wit interrupted by explosions of laughter. An incident of the meeting was frequent whispering and calls to order by the president, also the disposition of the motion made by Mrs. Brown, supported by a second and a third which was handled in a fine parliamentary manner by the president, Mrs. Hill.

The exercises were interspersed by excellent singing by Marion Noble, her selections being, "Isle of Amour" and "My Dear Jerusha"; also by Mr. Sias in Some Sweet Day, Bye and Bye, and Out on the Deep.

The after play consisted of a season of dancing, music by Lillian Kimball, Harriet Smith and Mrs. Howard Dearborn.
Rapid progress is being made on the interior finish of Hamlin reconstructed buildings. The spacious new part of the block between the main house and barn in which are located the housekeeping rooms and some of the dormitories is about completed for painting. All the rooms in the main house are lathed and partly plastered and it is expected the whole of the three-story rooms will be soon ready to receive their wood finishing. Since last spring the demolition of the old building and construction of the new, have been an object lesson in modern architecture of great interest to the curious spectator.

WEST LOVELL.

V. H. McAllister's funeral.
The funeral of the late V. H. McAllister was held at his late home, Tuesday, afternoon when a large gathering of people assembled to pay their respects to a most congenial and kind neighbor. The deceased was 43 years, 3 months, 27 days old and lived at this place for the past 24 years and will be missed by the community.
His wife having died 17 years ago he has hired an efficient house keeper in the person of Mrs. Georgia Chaddbourne and kept a home for his son now 14 years of age. His two oldest children, little girls both died in infancy.
Mr. H. Brown had charge of the funeral ceremony and the Masons of Delta Lodge of which he was a member performed their rites at the grave. The officiating clergyman was M. O. Baltzar of the Congregational church and the singers of his church sang two selections. Beautiful flowers surrounded the casket among which we noticed:
Flowers—Brother—D. E. McAllister and wife, 45 white pinks and 45 pinks—Wm. Adams, wife and children.
Spray—Crescents lodge, Odd Fellows.
45 white pinks—S. H. Ring and wife.
Spray—Mrs. Nellie McAllister and son, Marshall and wife.
Spray—W. H. Smith and wife.
Roses—Mrs. Della Farrington and Mrs. Esther McDaniel.
Finks—Julia Fernald.

Fight of Speckled Mountain.

The Waterford and Stoneham Boys. I noticed an article in the last issue of the Advertiser written by my old friend, Joseph H. Walker formerly of Waterford, but for many years a resident of Dunlap, Iowa, where he has prospered in one way or at least.

Mr. and Mrs. Walker have brought up a family of nine girls all living now and all married but one to some of Iowa's most enterprising farmers; she is a school teacher and lives at home. When he visited me a few days about three years ago, I had not seen him for over 45 years, but found him the same genial, good hearted fellow of our boyhood days.

Walker briefly mentions the noted Stoneham fight in which he and quite a number of Waterford and Harrison boys took part in the last part of August 1866, 48 years ago.

This affair caused considerable excitement at the time, but is nearly or quite forgotten by many now, judging from the number of inquiries I have received during the last few days.

I will give those interested a brief account of it as I remember it, through the Advertiser:

About the first of Sept. 1866 a party of 15 or 20, mostly boys from 15 to 20 years old, started from South Waterford for Speckled Mountain about 15 miles away prepared to camp at the foot of the mountain that night in order to get an early start for the mountain the next morning and return home that night.

We camped in an orchard and barn that night. Each of us carried our own food for the trip. The mother of the Nelson boys prepared two large pots of beans ready for baking which the boys took to the ground that night and shared with their less fortunate friends. I had before and have since heard about how good beans were when properly baked in many ways from Maine to California but I never ate any that tasted as good as the did that morning. Breakfast the boys started for the top of the mountain about two miles, and some of the path very steep.

There always had been more or less rivalry between the Waterford and Stoneham boys.
On the road from Waterford to Stoneham our boys went together and were more or less noisy as boys and young men are to be when out on such a trip, but the Stoneham people claimed that they were uncivil, etc.

The next morning they collected all the able bodied men and boys and after a part of them, as the report goes, filled up with something that makes men more like wild beasts than men, started for the top of the mountain. After the Waterford boys got up there well separated for the purpose of pounding up the Waterford boys which they did and hurt some of them very badly. Two of them never recovered from it; Bert Munroe died in a few weeks and John T. Hall, the following spring.

The fathers were very indignant and headed by Daniel W. Noble for the Nelson boys caused the arrest of some of the ring leaders, and brought them before justice Daniel Brown for trial. Some way or other, I have forgotten how, the Stoneham people chipped in and settled up the matter. It cost them several hundred dollars. In the opinion of many, some of them should have received a prison sentence.

There was considerable hard feeling between many of the Waterford and Stoneham people for some years, but like the North and South after the Civil War, they have long since buried the hatchet and are at peace.

The first that I knew that there was any trouble on the mountain, I, K. Nelson and I were on the side of a hill picking blueberries and looked over on the side of another hill nearly 1/2 a mile, and saw a lot of men, fifty I should think, coming down the hill towards us hoisting and howling like wild men. All at once they stopped where two of our boys were and gave them a pounding and started for us. I told Nelson that I thought we had better strike for the tall timber; he laughed at me; he said that he guessed there would not be any trouble. I thought differently.

When they got within a very few rods of me I suddenly remembered that I had business down at the foot of the mountain and started for there. When they got to Nelson, about half of them stopped and the balance took after me. I looked around once over my shoulder and concluded that I had taken a very wise course.

I soon distanced my pursuers and it did not take me long to get down that long steep mountain path with my big galloo wooden bucket containing about three quarts of blueberries and mountains of cranberries strapped on my back, to camp. Most of the boys had got their pounding and had arrived there a-head of me making hasty preparations to start for home. Some of the boys looked as though they had been run through a threshing machine; all covered with blood, clothes torn, and badly bruised and lamed up. All were anxious, and did get out of Stoneham as soon as possible.

The writer has been on crutches for some years and has hard work to get about very slowly. He often looks back to the time when he was able to distance some of the best runners in Stoneham.
Below is the names of the Waterford men and boys as I remember them: The Woodsum brothers were from Harrison: Guy Ward, Joel Hapgood, T. P. Bisbee, Atherton Monroe, John Monroe, Bert Monroe, L. K. Nelson, Eugene Nelson, C. W. Nelson, Elias Woodsum, Woodsum, Woodsum, John T. Hall, Joseph H. Walker, G. I. Hamilton.

Of this party of boys and young men in 1866, all are gone but John Monroe of Mechanic Falls, Joseph H. Walker of Dunlap, Iowa, Eugene Nelson of South Waterford, and possibly one of the Woodsum brothers and the writer, South Waterford, Me. G. I. HAMILTON.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CHECK YOUR APRIL COUGH.

Thawing frost and April rains chill you to the very marrow, you catch cold—Head and lungs stuffed—"You are feverish—Cough continually and feel miserable—You need Dr. King's New Discovery. It soothes inflamed and irritated throat and lungs, stops cough, you feel clear up, fever leaves, and you feel fine. Mr. J. T. Davis, of Stickney Corner, Me., "Was cured of a dreadful cough after doctor's treatment and all other remedies failed." Relief or money back. Pleasant—Children like it. Bucklen's Arnica Salve for All Sores.

NORWAY CENTRE.

Ava and Effie Watson have been spending a week's vacation at home.

Mrs. Alfred Wyman and children spent the day, Sunday, at H. P. Brown's.

William Benson, with his gasoline engine, has been sawing wood for D. A. Watson. H. P. Brown and son have also been sawing for farmers in this vicinity.

School closed in this place, Friday, March 27. A program was given by the pupils which was enjoyed by visitors. Refreshments of ice cream and fancy crackers were served by the teacher, Chrystal B. Harriman.

HARRISON.

The people of Harrison very much enjoyed a recital given, Friday evening, April 3d, by Marion Haskell, violinist, Ruth Cummings, pianist, and Mary Mealand, soprano, of Norway. Owing to the bad travelling the attendance was only fair, but those who were present enjoyed a very pleasant evening. After the recital, at the kind invitation of Willis Libby, the party enjoyed a luncheon before starting for Norway. We hope that the young ladies will be over again next summer.

WYBANT FOND.

Woodstock Schools.

All-schools in town began Monday. Three changes have occurred.

Teaching force. Harry Horne of Norway has been elected to take the place of Prin. Geo. M. Seeley, who has resigned.

Mr. Horne has been the Principal of the High school at Frankfort for the past two years, and held a similar position at Waterboro for two years. Mr. Horne is married and has one child. He will occupy rooms at Arthur Ricker's.

Mrs. Gertrude Smith is teacher at North Woodstock, and Nellie Preble is located at Billings Hill where the school has been opened because of a new family moving in. The spring term will be ten weeks in length.

Mildred Brown of Bethel spent the week-end with Mrs. W. E. Knight.

Charlie Day's horses broke through the ice on Gore Pond, Saturday. With the assistance of E. O. Bean Mr. Day succeeded in getting the horses out of the water. One of the horses was somewhat out and both were thoroughly chilled.

Mr. and Mrs. Edwin R. Perham of Somerville, Mass., have arrived at Dudley Cottage, and Mr. Perham is to be a resident of Woodstock after being away since 1872. Nettie B. Dudley, because of advanced years is to give up the conducting of Dudley cottage and Mr. and Mrs. Perham are to take up the business of the house that she has successfully carried on for so many years, and endeavor to please their summer guests.

For the History Class.

Professor: "The Americans are the reformers of the world. Now can you mention any Englishman who endeavored to raise legislation to a higher plane?"

Student: "Yes, sir, Guy Fawkes."

"The New Religion."

Col. James Crockett hands us a copy of The New Religion, J. A. Seitz, editor, published in Norway by the New Religion Publishing Company, Thursday, July 17, 1879. This copy is Vol. 1, No. 84. Most of the reading is what the name implies—articles that relate to religion.

It is a four page, six column paper. The first two pages are devoted to religious matters; the third page has three columns of general news and the remainder contains columns of local, political, local, intelligence and a half column of advertising; the fourth page is wholly filled with advertisements, mostly of a local nature.

There are many things that are interesting, we read.

C. N. Tubbs & Co. are putting up an addition 24x38, two stories high to their store on Main street.

E. W. Horne has begun to improve his store by putting down a new floor, painting, papering, etc. (This is now the A. J. Nevins store.)

The raging Pennessesawasse was nearly covered with empty beer bottles last Sunday. How they came there is well no, not a mystery.

Harry Chase has managed to cheat off a piece of his thumb. He is an enterprising boy, and with a little encouragement, will be able to supply at least local newspapers. (Harry Chase is now a dentist in Haverhill, Mass.)

Whitcomb & Oxnard have put down a big sidewalk in front of their store and are painting the building throughout. (This store was burned in the big fire and was where the Merchant store now is.)

The Masons, our enterprising hardware men, have put all the white letters on their front of the front of the building, and yet there is room for one or two small ones. Now when they have made their door large enough for them both to sit in, they will have the most ornamental front in town.

The five mile race between R. E. Clement of Norway and J. H. Halpin of Portland was won by the latter in forty-nine minutes, 1 second, Clement's time being 49-30. The track was incorrectly measured and was 5 1/2 miles in length which accounted for the seemingly poor time. The slippery floor and poorly laid track made it very difficult traveling, more especially for Clement who walked much more heavily than his little antagonist. Mr. Clement, not being satisfied with the result of the race, has challenged a street race of five miles on the trotting course at the fair grounds, Saturday, July 26, for a prize of \$100.

It was reported at length of the Oxford Democratic Convention assembled at the house at Paris Hill, Tuesday, July 15th. The number of democrats present was not large, probably 25, and 25 to 50 spectators. The convention was called to order at 12 m. by Major D. R. Hastings, chairman of the County Association. There were evidently Greenbackers and Republicans or Federalists in the field at that time, for Mr. Hastings in an explanation of some of the resolutions said that Greenbackers and Republicans were both outside of the convention and were necessary and perhaps beneficiary at times to take a vicarious physic. This was a bitter dose, but the Republicans with their shrewd and able leaders were a harder and more dangerous pill than the Greenbackers.

The intelligence column was well filled but most of the advertisements in it were not local. We notice Free-Land Howe, Norway, insurance agent; J. E. Merrill, upholsterer, South Paris; M. J. Beaudry, dealer in human hair; the Forest House, North Waterford; J. F. Rice, proprietor, the daily stage to and from South Paris; N. D. Faunce, physician and surgeon, North Waterford; George A. Mason, South Paris; and a house for sale at North Paris.
